**TÜV SÜD, Lahr Germany, Head Engineer Resigns to Join *dynaCERT* GmbH
dynaCERT's HydraGEN™ Wins Gold Award from ESQR in Germany**

TORONTO, ON--(Globe Newswire – July 10, 2019) - *dynaCERT* Inc. (TSX VENTURE: DYA) (OTCQB: DYFSF) (FRA: DMJ) ("*dynaCERT*" or the "Company") is pleased to announce that it has appointed Mr. Michael Mayer, M.Sc., Dipl. Ing (FH) as Product and Sales Support Manager and the field service technician & technical training Instructor based in Germany working for *dynaCERT* GmbH, *dynaCERT's* subsidiary in Germany.

As the Head Engineer from TÜV SÜD in Lahr, Germany (TÜV SÜD) Mr. Mayer oversaw the testing of *dynaCERT's* HydraGEN™ Technology for the purposes of ABE certification for Germany. After being originally sceptical about the technology and after overseeing the rigorous and successful testing four different times at TÜV SÜD, Mr. Mayer has concluded that the opportunity to work with *dynaCERT* and implementing the HydraGEN™ Technology is the future of diesel.

Mr. Mayer's background, experience and respect within the automotive and mining industries throughout Europe makes him the perfect candidate for assuming the responsibility in sales and product support of the Company's HydraGEN™ Technology in Germany and throughout Europe.

Mr. Mayer's background is extensive. He is a designated Authorized Expert for mining vehicles and a designated Authorized Expert for road traffic in Europe. Prior to his role as Head Engineer at TÜV SÜD Auto Service GmbH Service Center, Freiburg, Germany, Mr. Mayer was a Development Engineer (powertrain) at DaimlerChrysler in Stuttgart, Germany and a Research Engineer at Fraunhofer Institute for High-Speed Dynamics in Freiburg, Germany. Mr. Mayer holds a Degree in Automotive Engineering (Master of Science) from the University of Applied Science Offenburg, Germany and Degree in Mechanical Engineering (Diplom-Ingenieur (FH)) from the University of Applied Science in Offenburg, Germany.

Mr. Michael Mayer, *dynaCERT's* new Product and Sales Support Manager in Germany stated, "This opportunity to apply my decades of technical experience and training expertise to support *dynaCERT's* clients and the HydraGEN™ Technology is extremely appealing. I look forward to my new vocation with the Company to foster the application of a revolutionary technology that will save diesel fuel and CO2 pollution around the world."

Enrico Schlaepfer, *dynaCERT's* Global Vice President of Sales said, "As we grow our European market, the building of our team of industry experts, such as Michael Mayer, is an important responsibility. This team of professionals will advance the penetration of our HydraGEN™ Technology into new European markets. As part of our strategy of hiring and co-opting the best experts possible, I am extremely pleased to welcome Michael to the *dynaCERT* team."

ESQR Award:

dynaCERT is also pleased to announce that it has received the Gold Certificate Award from The European Society for Quality Research (“ESQR”) in Germany (see www.esqr.org). ESQR’s mission is to enhance quality in wherever organizations willing to understand and commit to adhering to the European Values on which the ESQR Quality Performance Model is based. ESQR states in its web site that: “Quality makes a positive contribution to most aspects of our lives by ensuring desirable characteristics of products and services. ESQR promotes quality awareness, recognizes good business practices, technological innovation, quality achievements in organizations worldwide, and publicizes these organizations’ successful performance strategies. ESQR also provides solutions to enable organizations from any industry, irrespective of its size and geographic location, to learn the tools and techniques for managing quality as well as address global challenges.” ESQR hosts associates from academia, industry and international organizations. In addition, ESQR partners with corporate executives, academic experts, manufacturing specialists, engineers, scientists and technicians around the world to carry out its activities and projects.

Mr. Wolfgang Klatzer, Marketing and PR Manager Europe at *dynaCERT* GmbH, stated, “It is a great honor to be the winner of the 2019 ESQR Quality Choice Award in the Gold category. The European Society for Quality Research promotes technological innovations, among other things, worldwide. We are very proud and thankful to be chosen by the European-member companies. This award will contribute to our success in Europe.”

About *dynaCERT* Inc.

dynaCERT Inc. manufactures, distributes, and installs Carbon Emission Reduction Technology for use with internal combustion engines. As part of the growing global hydrogen economy, our patent-pending technology creates hydrogen and oxygen on-demand through electrolysis and supplies these through the air intake to enhance combustion, resulting in lower carbon emissions and greater fuel efficiency. Our technology is designed for use with all types and sizes of diesel engines used in on-road vehicles, reefer trailers, off-road construction, power generation, mining and forestry equipment, marine vessels and railroad locomotives.
